

CO Northern Leopard Frog Working Group
AGENDA

March 1, 2021

1:30pm-2:30pm

Dial-in number (via Free Conference Call): (425) 436-6317

Access code: 309121

"Conservation would probably best be addressed at a regional or population level with coordination and communication among regions."

- James Rorabaugh re: Northern Leopard Frogs, Amphibian Declines (ed. M. Lanoo)

Goal: To bring together experts along the Front Range to discuss efforts to improve habitat for native wildlife, including northern leopard frogs, manage bullfrogs and to create a framework for future discussions.

Password: Frogs2019

Dates have been selected for us to meet in 2021 and are below:

- **March 1, 1:30-2:30pm**
- **June 7, 1:30-2:30pm**
- **September 13, 1:30-2:30pm**; or in-person at a site that afternoon pending COVID-safety
- **December 6, 1:30-2:30pm**

General updates:

- New resources added to the website
- SWPARC/ COPARC – Thanks to all that participated!
 - Andrew – How did we do and what was the attendance?
 - General comments, reviews, and thoughts moving ahead?
- CCAST updates
 - Has anyone from this group participated?

2021 Planning:

1. How can we further maximize the effectiveness of this group? (I.e., What do you need? Do your property neighbors have NLFs and/ or bullfrogs, and have they been approached re: your efforts?)
2. Agency and Partner updates
